

MESABA AIRLINES

Flight Operations Internships –Fall 2008

About Mesaba

Founded in 1944, Mesaba Airlines is the longest standing regional airline in the United States. Known throughout the industry for its commitment to the safety of its passengers and employees, the airline has successfully navigated through evolving times in an exciting industry. In 2007, the airline strengthened its future by entering into a relationship with longtime partner Northwest Airlines. Now, as a wholly-owned subsidiary of Northwest Airlines, Mesaba operates as a Northwest Airlink partner under service agreements with Northwest. The rapidly expanding airline serves more than 75 cities in the United States and Canada from its three major hubs: Detroit, Minneapolis/St. Paul and Memphis. Mesaba operates an advanced fleet of regional jet and jet-prop aircraft, consisting of the 34-passenger Saab SF340, the 50-passenger Bombardier CRJ200 and the 76-passenger Bombardier CRJ900 regional jet aircraft. Mesaba Airlines is an Equal Opportunity Employer.

Purpose of Internship

The objective of this unpaid internship is to enhance the student's preparation for a professional aviation career through the student's participation in the Flight Operations Internship Program at Mesaba Airlines. Interns will be exposed to all segments of the Flight Operations department and will have a solid understanding of Flight Operations upon successful completion of the internship.

Benefits

- Hands on experience and understanding of the flight operations
- Networking
- Job shadowing
- Participation in systems ground school (including opportunity to take the exam)
- Upon completion of every 30 days of work, a space available round trip pass, to be used within 30 days will be issued to the intern
- College credit
- Evaluation and recommendation for interview for regular employment

Requirements

- High school diploma or equivalent (Required)
- Successful completion of instrument pilot rating (Required)
- Current college junior or senior at an accredited four year college with coursework in Aviation (Required)
- Interest in the aviation field
- Self-motivated and energetic
- Team oriented
- Ability to work well independently or within a team environment

Location and Hours

A minimum of 20 hours is required, however, if college credit is being awarded for the internship, the intern must work a minimum of 40 hours per week. Work hours are flexible. Interns will work out of our corporate office and internship will generally be for a semester.

Applying

Interested candidates can apply online at www.mesaba.com
Application deadline of August 31, 2008 for Fall Internship
