Donations Needed

Early Childhood and Elementary Education Club

Students are collecting resources to support their professional growth and their volunteer work with children and families in Mankato and throughout the world. Donations are needed. *Please bring these items to 328 Armstrong Hall:*

1. Box tops, soup labels, milk caps - with your name on them. (The person who turns in the most items will win an educational prize!)

2. Graduation caps and gowns of any color. These will be donated to an Education Club at a Russian university for their commencement exercises.

The ECEE Club sponsors reading night at the Blue Earth Public Library every Tuesday from 6:30 to 7:15 pm. Bring your young friends to join us!
