635 Internship, and 677 Individual Study

Name:

Course title:

Semester that I am registered for this experience:

LEARNING CONTRACT

Who will I be working with and/or for during this experience?

What will I be doing during this experience? What are my job responsibilities?

Where will this experience occur? How much time will actually be in the field? How much time will be in an indoor environment?

When will this experience occur? What is the beginning and end date?

How will I accomplish this experience?

Explain how this project will provide you with opportunities to work with diverse populations. (i.e. race, English Language Learners, special needs).

List the learning outcomes you hope to achieve during this experience.

ASSESSMENT

When you have completed the experience write a brief reflection paper on what you learned and whether you achieved your learning outcomes.

Note: Another assessment tool may be used in addition to the reflection paper.

To receive a grade for this experience students must send a completed learning contract either as an attachment or a hard copy, and when finished with the experience a brief reflection paper addressing your learning outcomes.
