

Project Proposal Form for EXED 603 Experience and Education and 604 Development of Experiential Education

Name:

Course number:

Semester that I am registered for this credit:

LEARNING CONTRACT

1. What is the problem or question I will address with this project?
2. What resources will I need to help find an answer?
3. What is my plan to solve this problem or question?
4. How will I put this project into action? How will I implement this project?
5. Explain how this project will provide you with opportunities to work with diverse populations. (i.e. race, English Language Learners, special needs).
6. What are the learning outcomes I wish to achieve?

ASSESSMENT

After completing the project write a reflection paper assessing what you learned and whether you achieved your learning outcomes.

Note: Another assessment tool may be used in addition to the reflection paper.

To receive a grade for this project students must send a completed learning contract, the project, and a brief reflection paper addressing your learning outcomes. These three documents may be sent as attachments.
