

Block I Application Checklist

This checklist must be completed and included as part of your application. Not having the checklist, substitution or waiver forms (if applicable) and/or your DARS, will result in our returning your application to you which may then result in your missing the deadline.

If we find that more than 50 students meet all of the requirements* for admission to Block I then we will choose who is accepted based on grade point averages (top 50 g.p.a.s will be admitted).

*Requirements for Block I-all coursework is completed including categories 8, 9, & 10 and that in your specialty area (with the exception of EEC 428 which may be taken during Block II). A grade point average of at least 2.75.

1. Look at a "plan of study" sheet. You may access this on our webpage at <http://ed.mnsu.edu/eec/forms> or you may pick one up from AH 328.

Will you have completed all of the required courses on the first page (with the exception of Blocks), by the end of the current semester? (Please check yes or no)

Yes No (if no, explain)

2. Will you have finished all of the courses required for your specialty area (check p. 2 of your "plan of study sheet for these) by the end of the current semester? (All specialty courses must be completed before you apply for Block I with the exception of EEC 428 which may be taken during Block II-Geol 310 may not be taken during Blocks).

Yes No (if no, explain)

3. Have you fulfilled categories 8, 9, & 10? This needs to be done prior to applying for Block I.

Yes No (if no, explain)

4. **Very important!!!**... If you have any substitution or waiver forms you need to include them with your application (if you need a copy of a completed form, please see Dr. Traynor in AH 328D).

I have forms and I have included all of them This does not apply to me-I do not have any substitution or waiver forms

5. Have you included a DARS that was accessed and printed within the last week? Do not submit any DARS that is older than this. *Note, we need a DARS **not** a transcript.*

Yes No (if no, explain)

This checklist summarizes all of the requirements for Block I. A response of "no" to questions 1, 2, and/or 3 does not automatically eliminate you from consideration, however all requirements need to be fulfilled before entrance into Block I.
