MSU Mankato Special Education: Graduate Course Location and Type of delivery

TELEPRESENCE MEANS THAT STUDENTS CAN ATTEND AT BOTH THE MANKATO CAMPUS AS WELL AS EDINA AT THE SAME TIME

FALL SEMESTERS

**Courses and format are subject to change. Face to face sessions are in the evenings unless indicated as “weekends”. Telepresence is technology that allows for the course to be conducted on both campuses- the course will meet in person at both campuses and the instructor will be in attendance at one of the 2 campuses (Edina or Mankato). For a course with hybrid, this would mean that the course has both online and in person meetings and will not meet each week of the semester.**
